

September, 2026

Dear Resident,

We invite you to partner with the Friends of the Library in our latest fundraising effort to benefit our Library community. In 2027, the Library will begin the process of renovating the Children's, Teen, and Adult Solariums. The Friends will assist in this project by contributing to the renovation of the Children's Solarium which was donated by the Friends over 25 years ago. It is a well-loved and heavily trafficked area that needs to be updated to provide the best environment for the youngest patrons who are just learning to love our wonderful library!

We are asking for your continued generosity in hopes that you will consider a larger donation this year—as a Patron, Sponsor or Benefactor. Your donation will be an important part of funding for this important project, and donors will be recognized. In 2026, the Friends monthly Book Sales covered the cost of replacing the dated Audiovisual System in the Powers Room. We have also continued our annual funding of the entire Summer Reading Program for children, teens, and adults, the Museum Passes, Kindle Program, Brainfuse Tutoring and Career Assistance Programs, Mango Languages, Consumer Reports, Maintenance of The Children's Room Fish and our Graduation Award to a Senior at Northern Highlands.

The Solarium project will be a substantial added contribution to what The Friends already fund for our library each year. Please consider increasing your donation this year and join us in making the Children's Solarium a welcoming and up-to-date area for our newest Library users. Together we can make a difference!

Sincerely,

Nona Maher and the Friends of The Upper Saddle River Library

Nona Maher, President • Sharyn Szentirmay, Vice President • Marie Hornstein, Treasurer
Lucille Protas, Secretary • Fran Tepper, Book Room Manager • Susie Fein, Online Marketplace Manager
